Janice,

Just fyi - A request that is coming thru the back door to the Regions. Hopefully you are aware of it. But all deployments for us have to go through Brian and I (or Dave, or Ken).

Curtis,

I understand you have received a request for staffers to assist with intergovernmental coordination at the Durango IMT. I am listing below all those who are currently trained as a Liaison Officer, one of the ICS Key Leadership Positions. I realize you may have other staff who may be able to perform the needed work, but are not ICS trained (which may be okay depending on what work is actually being requested).

Sarah Hatch

Jim Stevens

David Hoefer

George Hess

Karen Flournoy

Bob Dye

Jaci Ferguson

Of those listed above, Sarah Hatch and Jim Stevens are current on H&S training and Medical clearance required for deployment. Since the request came through the PADs network, I will let you work it. However, if you decide to deploy someone, they will need to follow our deployment process. Brian Mitchell can assist with that. Thanks.
